7th European Congress and Exhibition
on Intelligent Transport Systems and Services

Geneva, 4-6 June

2008

We invite you to be part of the action on ITS, in the heart of Europe

The Congress and Exhibition with over 100 world-class suppliers, offers a unique opportunity to explore the latest innovations in ITS, ETC and eSafety, giving you an invaluable insight into the latest ITS achievements and cross-border transportation systems.

This event will focus on how best to optimise the use of the European transport network, by exploiting all the most up-to-date tools, services and technology.

- Dynamic Congress programme
- Full social and networking programme
- Technical visits and tours, see current ITS projects in action
